Index to Volume 31

Spring, pp. 1–54; Summer, 55–124; Fall, 125–194; Winter, 195–260.

SUBJECTS

A

Academic achievement, relationship with academic self-concept scores (research note), 99
Acute care, occupational therapy practice in, 35
Alternative medicine. *see* Complementary and alternative medicine
American Dietetic Association, diversity mentoring program of (special feature), 177-183
Anatomy, computerized instruction in, 153
Australia, acute care occupational therapy practice in, 35
allied health issues in (editorial), 1, 2
health care management system for veterans in, 15
national health risk management in, 10
oncology outpatient allied health services in, 29

B

Bachelor's degree programs, transitional, in physical therapy, 217
Book reviews, 51, 122, 185
Burnout syndrome, among physical and occupational therapists, 131 (editorial), 125

C

Chaos theory, as educational planning tool, 147
Chronic disease management, health care provider-patient relationship in, 87
Citizens Against Government Waste, (view from Washington), 127
Clinical guidelines, for evidence-based medicine (abstract), 258
Communication disorder students, recruitment and employment plans of, 111
Community health systems, rural, 147
Competence, maintenance of, in allied health care professions (commentary), 232
Competition policy, in Australian health risk management, 10
Complementary and alternative medicine, hospital services in (abstract), 257
Compliance, with medication regimens (abstract), 257
Computer-assisted instruction, in nutritional assessment, 252
Confidentiality, of electronic medical record systems (abstract), 186
Critical thinking behaviors, in clinical laboratory science practice, 56
measurement of, 65
Cross-cultural approach, in international allied health education (potential patterns), 165
Cultural diversity. *see also* Diversity; Diversity education; Diversity mentoring
in allied health curriculum, 117
Culturally integrated behaviors, in allied health education (commentary), 93
Curriculum(a), in cultural diversity education, 117
cultural integration in (commentary), 93
in interdisciplinary doctoral programs 227

D

Deans, of schools of allied health, 197
Decision making, regarding employment in health care (special section), 111
by hospitals, for adoption of complementary and alternative medicine (abstract), 257
Dental hygienists, competence maintenance by (commentary), 232
Dentists, competence maintenance in (commentary), 232
Depression, among community-based elderly people, 140
Dietetics, diversity mentoring program in (special feature), 177-183
Dietitians, competence maintenance by (commentary), 232
Distance education, in occupational therapy, 247
in physical therapy, 217
Diversity, of research participants, 241
of student body, in speech-language pathology programs, 204
Diversity education, curriculum resources for, 117
Diversity mentoring, in nutrition and dietetics programs (special feature), 177-183
Doctoral education, interdisciplinary approach in, 227

E

Education, in allied health (editorial), 55
Elderly, depression in, 140
home safety screening tool for, 22
language comprehension in, 241
Electronic medical record systems, confidentiality of (abstract), 186
Empowerment, of patients (abstract), 258
Ethics, clinical, impact of the Internet on (abstract), 187
Evidence-based medicine, clinical practice guidelines for (abstract), 258
Evidence-based methods, for medication adherence (abstract), 257
Exchange programs(s), international (potential patterns), 165

F

Faculty, full-time positions, student interest in, 70
Family-centered care, mentoring in (research note), 171
Federal government, Congressional debates on proposed health care legislation (view from Washington), 4
political patronage-based funding by (view from Washington), 127
Funding, by the federal government (view from Washington), 127

G

Grant writing, workshop on, 107

H

Health care, quality improvement of (abstract), 258
Health care delivery, in Australia, 10
Health care goals, in Australia, 10
Health care models, patient preference-based (abstract), 258
Health care professionals, burnout among (editorial), 125
Health care provider-patient relationship, in chronic disease management, 87
Health Insurance Portability and Accountability Act (HIPAA), (abstract), 187
Health policy, for risk management in, in Australia, 10
Heteroglossia, in Congressional debates (view from Washington), 4
Home Falls and Accidents Screening Tool (HOME FAST), 22
Hospitals, complementary and alternative medicine services of (abstract), 257
prepardedness for terrorism victims (abstract), 257

I

Imaging, patient education about, 159
Interdisciplinary approach, in health care doctoral education, 227
interdisciplinary research teams, 217
Interdisciplinary Rural Health Training Program, 147
International allied health education, cross-cultural approach in (potential patterns), 165

Internet, effect on physician-patient relationship (abstract), 186
implication for clinical ethics (abstract), 187

J

Journal of Allied Health, articles by Australian authors (editorial), 1
(editorial), 195

L

Language comprehension, in the elderly, 241
Lead administrators, applicant pool for, 197
Leaders, qualities of, 121
Leadership development, lead administrator applicant pools and, 197
Leadership development program(s), (special section), 106-121
Legislation, health care-related, Congressional debates about (view from Washington), 4
Licensing examination, for physical therapists, prediction of scores on, 78
Lobbying, for federal funding (view from Washington), 127

M

Management systems, for war veterans' health care, 15
Master's degree programs, transitional, in physical therapy, 217
Medication regimens, evidence-based compliance with (abstract), 257
Mentoring, family-centered (research note), 171
in nutrition and dietetics programs (special section), 177-183
Minority-group members, disparities in health care utilization by (abstract), 258
recruitment as research participants, 241
Minority-group students, in speech-pathology programs, 204

N

Neurology, occupational therapy practice in, 35
Neuroscience, interdisciplinary research teams in, 222
Nurses, competence maintenance in (commentary), 232
computer-assisted nuritional assessment instruction by, 252
Nutritional assessment, computer tutorial about, 252

O

Occupational safety and health, in Australia, 10
Occupational therapists, burnout among, 131
competence maintenance by (commentary), 232
Occupational therapy, distance education in, 247
Occupational therapy practice, in acute care neurology and orthopedics, 35
Ockerman's Five Factors, 147
Oncology patients, allied health outpatient services for, in Australia, 29
Orthopedics, occupational therapy practice in, 35
Outcomes research, in computerized gross anatomy instruction, 153
Over-the-counter medications, physical therapists' knowledge, advice, and administration of, 43

P

Patient education, about radiation exposure risk, 159
Patient preferences, impact on health care disparities (abstract), 258
Patients, empowerment of (abstract), 258
perception of radiation exposure risk by, 159
Patients' rights, confidentiality of electronic medical records (abstract), 186
Patients' Bill of Rights (view from Washington), 4
Pharmacists, competence maintenance in (commentary), 232
Physical therapists, burnout among, 131
competence maintenance by (commentary), 232
over-the-counter medications knowledge, advice, and administration, 43
Physical therapy, distance education in, 217
national licensing examination in, 78
Physical therapy students, academic self-concept assessment in (research note), 99
computer-assisted nutritional assessment instruction for, 252
critical thinking changes in, 64
interest in full-time faculty positions, 70
recruitment and employment plans of, 111
ultrasound pressure instruction for, 103
Physician assistant(s), competence maintenance by (commentary), 232
computer-assisted nutritional assessment instruction for, 252
Physicians, competence maintenance by (commentary), 232
Professional development, improvement of (abstract), 258

Q

Quality improvement, of medical care (abstract), 258

R

Radiation exposure, patient education about, 159
Recruitment, of allied health students, 111
of minority-group students, for speech-language pathology programs, 204
Regional health management programs, in Australia, 10
Research, diversity of research participants, 241
interdisciplinary research teams, 222
legal issues in (abstract), 256
Risk assessment, of falls in the elderly, 22
Risk management, in Australian national health policy, 10
Rural health care, depression among the elderly, 140
Interdisciplinary Rural Health Training Program (IRHTP), 147

S

Search committees, for allied health lead administrators, 197
Self-concept, academic, of physical therapy students (research note), 99
Speech-language pathology, professional preparation programs in, 204
Standards, for Australian national health care, 10
Stress in the workplace, as burnout cause, 131

T

Terrorism, hospital preparedness for victims of (abstract), 256
Total Quality Management, (abstract), 258
Transdisciplinary approach. *see* Interdisciplinary research approach
Transitional degrees, in physical therapy, 217
Tutorials, computer-assisted, in nutritional assessment, 252

U

Ultrasound pressure instruction, for physical therapy students, 103
Urban health care, depression among the elderly, 140

V

Veterans, health care management system for, 15
View from Washington, 4, 127
